Atty. Docket No.: D5151

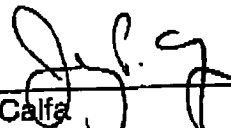

### REMARKS

Applicants have paid the issue fee in this case on June 23, 2004. The Examiner in the PTOL37 accompanying the May 18, 2004 had accepted the formal drawings previously submitted. The Patent Office issued a Notice of Drawing Inconsistency with Specification on June 16, 2004 that indicates that Figure 10 is contained in the Drawings but not listed in the Brief Description of the Drawings. Applicants have amended the Brief Description of the Drawings to include a description of Figure 10. No new matter has been added because Applicants are merely quoting paragraph [0037] that mentions Figure 10 as far as the description added in the Brief Description of the Drawings.

Applicant believes the specification as amended is in condition for issuance and respectfully requests issuance by the Patent Office of Publication/Publishing Division.

Respectfully submitted,
